Subject: Copy of Sampling Plan to PADEP

Den/Jerry,

Scott Perry wants to make logistical arrangements to have people in the field to match our teams next week. I ran through the game plan for him that we would begin with the 4 homes, then the 17, then approx. 30 more...up to around 60. He is going to work hard to make sure they can start on Monday with us. he has to get that through the PADEP lab and also get additional samplers committed. He will let me know if that's a logistical issue they have.

He has asked for a copy of the sampling plan. I want to make sure I have the FINAL (Rupert pls check me). And make sure others know this is being sent to them. OK?

Rich
